FROM: Harriet Miller-Brown
State 9-1-1 Administrator

RE: Supplemental Annual Report Questionnaire

Enclosed you will find a Supplemental Annual Report Questionnaire for completion. Completion of this document is not mandatory, but the information requested is important. The data collected will be used by the various subcommittees of the Emergency Telephone Service Committee (ETSC) and our office in the process of developing recommendations for 9-1-1 in Michigan. Our present 9-1-1 system is moving into an age of evolving technology, limited resources, and heightened public awareness. Our current 9-1-1 system is being evaluated at its varied levels, from operational to funding to technical aspects. Your assistance in providing this information will be invaluable to this process.

We understand that the information requested in the document may take longer to compile than the Annual Report and 7th Year Certification forms. If you could return this questionnaire to the ETSC office by **Friday August 11, 2006** it would be appreciated.

If you have any questions, please feel free to contact the ETSC office at (517) 336-2666.
